## LifeGameSimulator Activation Code [Ativador]

Download ->->-> <http://bit.ly/2SOazXP>

### About This Game

This is Zero-Player Game, Simulator that can simulate changes which follows specific rules

You just select the rules easily than, observe chaotic changes.

By the neighboring cell, Each cell changes the state of life or death.

Simple initial rule can make irregular, tramendously diverse patterns.

Select a rule and change colors.

You can also change the initial settings.

The initial rule is simple, but the result is chaotic.

Update [2018.06.03]

1. Added color of Yellow and blue.
2. Added manually clicking function of cells.

Update [2018.06.04]

---

1. Missing executable file error fixed.

Update [2018.06.20]

1. Sound updated.

2. Simulation speed slider updated.

I played with this software toy for 9 minutes.  
In that time a menu item (Information) didn't seem to work,  
and the games graphics just disappeared leaving the grey background.  
I think it will be just fun enough to barely justify my 65 cents.  
I wish the developer would improve this title significantly.  
It could be a lot of fun.
